Andrew: so here we are again
me: http://www.progressiveboink.com/archive/robliefeld.html
Andrew: on one side, the University
Andrew: on the other, whatever shitty faction you usually play
me: Peacekeepers
me: or Morgan
Andrew: fagkeepers is more like it
me: oh, right
Andrew: seriously though
me: you know, they had that expansion pack
me: you're saying you want to play Alpha?
me: because I'll play Alpha
Andrew: gog just released it today
Andrew: it runs on windows 7
Andrew: natively
me: oic
Andrew: is in
Andrew: we can play it right now
me: oic
Andrew: except im at the office
me: yeah
me: O
Andrew: but as soon as I get home
me: I'm kind of down for that
Andrew: and i'm kindof going to drill you to a tearful, writhing, psychologically broken mass. Then I'll videotape the mass and set it to Robert McCain in a box with KITTEN STICKERS ON IT
me: meh, he's so last year
Andrew: i mean, lets play fair and all that
me: yes
me: too bad we can't get Dave to play and turn into someone's vassal within five minutes
Andrew: yeah, too bad
Andrew: "A fun Liefeld drinking game: take a shot for every pouch he draws on a character. Oh great, now you have alcohol poisoning."
me: top of page two
me: worst thing ever
me: "If I had a nickel for every time Liefeld had his characters standing behind something so he didn’t have to draw their feet, I would still not have nearly as much money as Rob Liefeld."

me: "Here’s a game to play: which one of those fingers is a thumb? Give up? So did Rob Liefeld! "
